History

Incorporated in 1979, the Ohio Sickle Cell and Health Association was established from the need to provide a payment mechanism for adults with Sickle Cell Disease who were medically indigent; with the focus and intent to solve Sickle Cell Disease in the context of broader societal issues facing Ohio's children, minorities and poor.

Mission

To provide Education, Advocacy and Support to persons and families Affected and At-Risk for Sickle Cell Disease, through effective approaches to Sickle Cell Services.

Purpose & Objectives

- To have a vested interest in and be concerned about health problems as they relate to the minority population.
- To serve as coordinating body for sickle cell and other health activities across the state of Ohio.
- To serve as a resource base to sickle cell programs and minorities.
- To develop support for affected individuals and families.
- To educate and inform the professional and lay communities about the sickle cell phenomena and other minority health issues.
